

SUBSTATION MAINTENANCE INSPECTION GUIDELINE

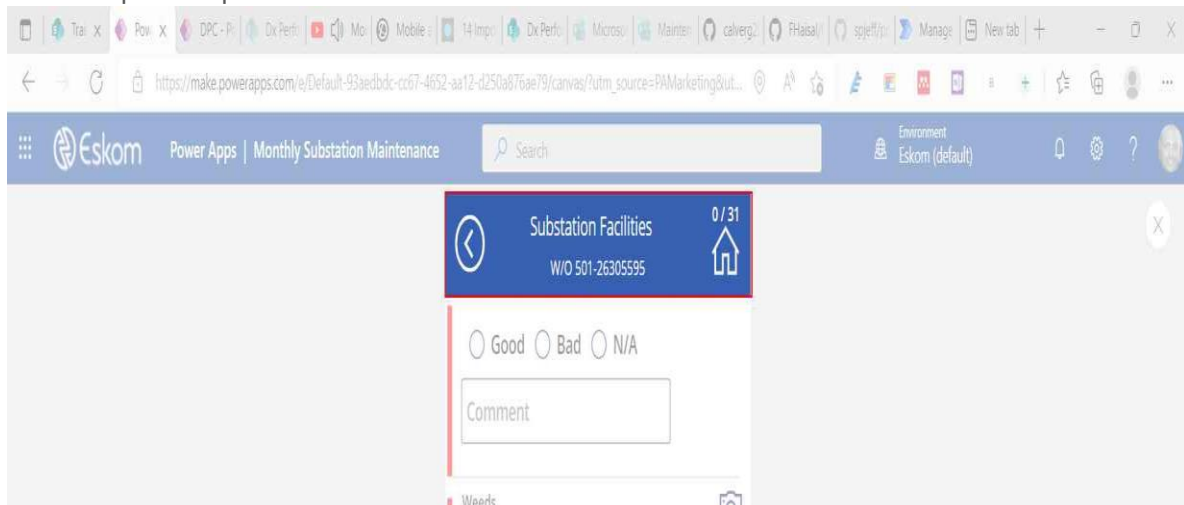

"Start the Maintenance Substation Inspection application"

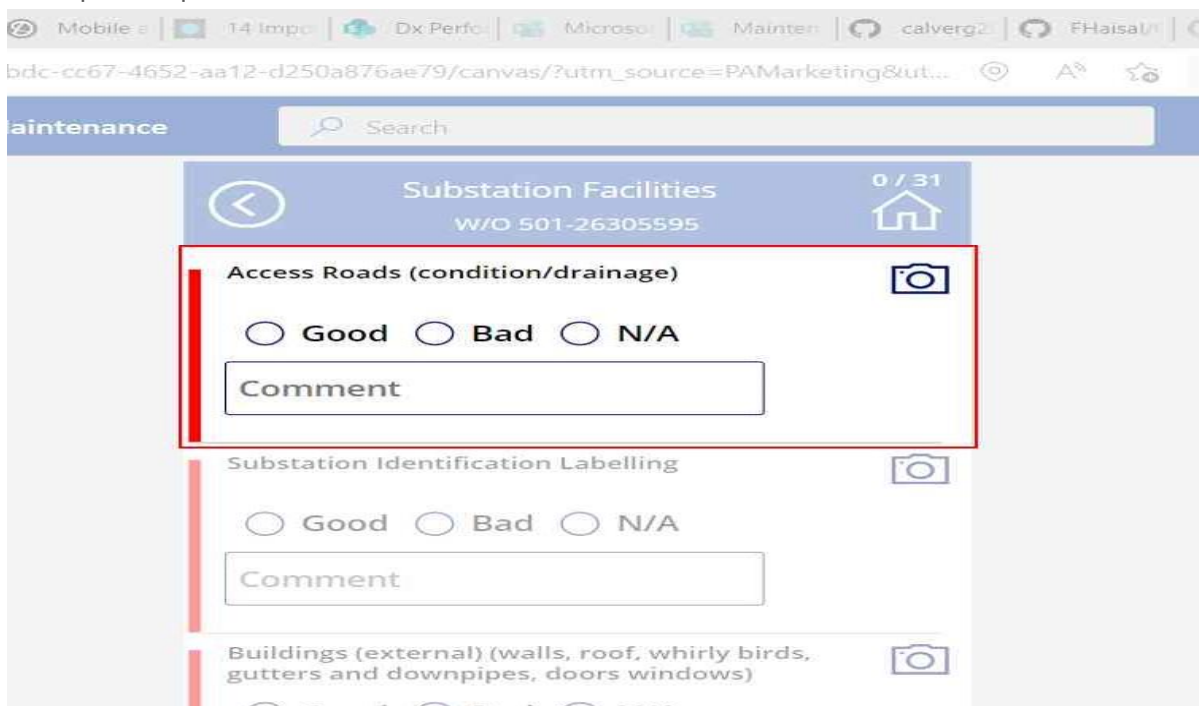

"Select the Sector, CNC, Substation and workorder to start inspection"

"Substation Facilities screen with selected W/O selected. Back button. Number of Questions and completed questions. Home button."

"Completed question indicator. Question status selection Comment. Camera Selection."

"To add a bay or feeder or select inspection completed"

The screenshot shows a web application interface for 'Maintenance'. The main heading is 'Substation Facilities' with a sub-heading 'W/O 501-26305595'. Below this, there are three sections: 'Good', 'Bad', and 'N/A' with radio buttons. A 'Comment' text box is present. The 'Weeds' section has a camera icon. The 'Tr' section has a camera icon. The 'Drainage' section has radio buttons for 'Good', 'Bad', and 'N/A', and a 'Comment' text box. A blue modal overlay with a red border is centered on the screen. The modal has a title bar 'Add bay or select complete' and two buttons: 'Add a bay for inspection' and 'Inspection Complete'. At the bottom of the form is a 'Next' button.

"Input Bay or Feeder Name"

The screenshot shows a web application interface for 'Eskom Power Apps | Monthly Substation Maintenance'. The main heading is 'Works Order: 501-26305595'. Below this, there is a modal overlay with a title bar 'Please input Bay Name or Feeder Name' and a text input field. The background is a light gray.
